AT CAL.:

- (1) Less than 2% of the students are Negro
- (2) There are almost no Negro faculty members
- (3) Negroes are employed in menial positions as cleaning women and kitchen workers.
- (4) There are almost no Negroes employed as office workers, librarians, etc.
- (5) Yet, 25% of the Bay Area population is Negro

I BELIEVE THAT:

- (1) University regulations prohibiting discrimination should be enforced
- (2) The ASUC should be authorized to raise funds for Civil Rights organizations in the north and south.
- (3) The student government condemn all manifestations of discrimination.

LET US ACTIVELY PURSUE A POLICY TO REMOVE DISCRIMINATION FROM CAMPUS LIFE; FROM AMERICAN LIFE.
